If You Get Married

See “If You Gain a New Dependent” below.

If You Gain a New Dependent

If you gain a new dependent (for example, through marriage, birth, adoption, or by acquiring a **domestic partner** or **domestic partnership dependent**) while you are enrolled, he or she is automatically covered under the Legal Services Plan.

If Your Physically or Mentally Handicapped Child Reaches Age 23

If your physically or mentally handicapped child is incapable of self-support when he or she reaches age 23, coverage may be continued beyond that age, if the child is fully dependent on you for support at that time. Coverage is not automatic. Your child must be certified for coverage by the applicable medical Claims Administrator.

If You Retire
